

## ITA AIRWAYS I VOLARE BUSINESS CLUB Q&A

**Q)** What is the ITA AIRWAYS I VOLARE BUSINESS CLUB program?

**A)** ITA AIRWAYS Sub program I VOLARE BUSINESS CLUB is dedicated to small and medium-sized enterprises (SMEs) and their employees and contractors.

Recipients of the ITA AIRWAYS I VOLARE BUSINESS CLUB Program are **all SMEs** based in Italy that have expenditures on ITA Airways of less than 80k/€ and are not part of the Corporate Program (i.e., do not have existing contracts).

**SMEs** accumulate points through fee-based purchases of airline tickets through a travel agency or on the B2B website [www.ita-airways-connect.com](http://www.ita-airways-connect.com) (launching July 31).

Employees/Collaborators accumulate points through fee-based purchases of airline tickets through a travel agency by combining the FQTB (unique code associated with SMEs) and their own Flight Code (FREQUENT FLYER number) with the reservation. Reservations made through a travel agency do not need to be registered in the SME personal area.

**SMEs** earn 5 points for every 1.00 (ONE) Euro spent on ITA Airways flights and promotional products, excluding tax and VAT; when purchased in Cash & Points mode, and any other eventual duties or tax.

Likewise, if the SME's **employee/collaborator** is registered with the Volare program, they can earn Points on all tickets purchased by the SME within the ITA AIRWAYS VOLARE BUSINESS CLUB Program, in accordance with the Regulations of the same Volare Program.

**Q)** How can I assist the travel agency if it is not aware of the procedures involved in the ITA AIRWAYS I VOLARE BUSINESS CLUB program for booking tickets for employees only?

**A)** Whenever the **SME contact person** wants to book tickets for their employees through a travel agency, they must provide the FQTB corporate ID assigned to their company. However, should the agency encounter problems when booking tickets, the contact person is asked to present the following codes to the travel agency operator:

GDS NAME	OSI remark INPUT (Example)
AMADEUS	OS YY FQTB XXXXXX (Account Code FQTB - 6 digit)
GALILEO	SI. YY* FQTB XXXXXX (Account Code FQTB - 6 digit)
SABRE / WORLDSPAN / ABACUS / INFINI	3OSI YY FQTB XXXXXX (Account Code FQTB - 6 digit)
TOPAS	3F OSI YY FQTB XXXXXX (Account Code FQTB - 6 digit)
TRAVELSKY	OSI:YY FQTB XXXXXX (Account Code FQTB - 6 digit)
APOLLO	@:3OSIYY FQTB XXXXXX (Account Code FQTB - 6 digit)

**In any case, the specific entries of each GDS should be verified by the travel agency with their GDS contact person.**

**Q) How can I register for the program designated for SMEs?**

**A)** Subscription to the ITA AIRWAYS VOLARE BUSINESS CLUB Program is always free of charge.

---

Registration of an **SME** Company in the ITA AIRWAYS I VOLARE BUSINESS CLUB program is done through a **specific form** available on the B2B website [www.ita-airways-connect.com](http://www.ita-airways-connect.com) which must be filled out by an SME contact person.

Once the SME has been registered, the SME contact person will receive an email containing information about how the SME Program works, and the FQTB Code that will be simultaneously activated and along with the Company Code. The SME will then be able to access its restricted area with username and password that were provided during registration.

The SME personal area will be accessible from 31 July, where it is possible to modify the data entered, proceed with online bookings for one's employees and view the points balance.

---

The SME Company must then circulate the VOLARE identification code with which the **employee/collaborator** can register voluntarily and directly for the program within their personal area

In order for the **employee/collaborator** to become a VOLARE Member belonging to the SME program, they must:

- be registered in the VOLARE loyalty program;
- access their personal area within the B2C website [www.ita-airways.com](http://www.ita-airways.com) and/or through the ITA Airways app,
- access the "**Be part of an SME**" feature, via which they will be able to enter the Company Code and be associated with the SME.

**A)** The crediting basis for ancillary services is 10 points for every euro spent. Accelerators set for purchasing additional services do not apply to the purchase of airline tickets.

---

**Q)** Is there a difference between points?

**A)** Qualifying points are points that are used to achieve an upgrade or to retain membership in a club. Qualifying points expire at the end of the current year. Non-qualifying points represent a spendable point balance for claiming flight rewards and are valid until the VOLARE program ends. They are obtained by purchasing ITA Airways flights and ancillary services. They do not contribute towards upgrading or maintaining your membership in the Club you currently belong to.

---

**Q)** What can I use my points for?

**A)** Currently, accumulated points can be used to purchase ITA Airways tickets in Cash&Points mode and to use the services of partners. New business partnerships are being established and more information will be provided as soon as possible. For more information, visit [https://www.loyaltyprogram.ita-airways.com/it\\_it/](https://www.loyaltyprogram.ita-airways.com/it_it/) website.

---

**Q)** My points have not been credited. How can I claim points?

**A)** The VOLARE member must use their Volare Code during the booking or check-in phase to obtain automatic crediting of the points.

In the event that the member does not enter their Volare Code or if the points credited do not automatically appear two weeks following the date of the flight, they can request the

crediting of points relating to ITA Airways flights through the "Request points" function. The customer can submit a request in their personal area by clicking on the "Request points" section by entering the ticket number and the remaining digits in the appropriate fields. The first three digits '055' are already in the system currently. You'll therefore need to enter the next 10 digits. E.g. ticket no. 055 - 2356684274.

Please note that, to request credit for points, the request must be made within 12 months from the date of the flight and the flight must have been both sold and operated by ITA Airways.

---

**Q)** When will I be able to view the points requested with the "request points" procedure?

**A)** If the criteria for requesting retro-credit are met, the Member will be credited the points within 30 days of the request. Furthermore, they can check the status of your request in their personal area.
